OVERVIEW

About the Evo 43

What makes this yacht stand out.

The Evo R4 (marketed as the Evo 43) is one of the most architecturally radical day yachts launched in the last decade. Designed by Naples-based Valerio Rivellini for Sea Engineering, two pairs of hydraulically actuated bulwarks fold outboard at anchor, transforming the cockpit from a 4.2 m beam underway into a 6.4 m, 40 m² floating beach club. Underway, twin Volvo IPS 600s deliver a 37-knot top speed and joystick docking; at rest, the convertible furniture, integrated e-Foil, sun pads and shaded saloon turn the boat into a private waterfront terrace. It is the most photographable yacht on the Dubai charter circuit.
