OVERVIEW

About the Moneta

What makes this yacht stand out.

The Monte Carlo 6 is the long-range flagship of Beneteau's sport-flybridge line, drawn by Italian studio Nuvolari & Lenard and built at the Monte Carlo Yachts shipyard in Monfalcone. Its variable-deadrise deep-V hull pairs cruising stability with 31-knot sprint performance, while twin Cummins QSC 8.3 engines driving Zeus pod drives deliver joystick docking and SkyHook station-keeping. Three en-suite cabins (full-beam master, forepeak VIP and twin) accommodate up to six guests overnight, with the flybridge, aft cockpit and bow lounge comfortably seating fifteen for day charter. Hand-laid teak, solid marble fittings and an Italian-designed saloon give the MC6 the unmistakable feel of a much larger superyacht.
